Union Stock Yards, South Omaha, April 29--About 3,700 cattle showed up Monday, an average run for this time of the year, and offerings averaged up well in point of quality. Trade opened out rather slow, but about steady, and closed strong for both beef steers and cow stuff. Top heaves brought \$8.40. They averaged 1,411 pounds. Some 6,000 head of stock cattle and feeding steers were shipped to the country last week and with only moderate receipts of that kind today the market was active and 10@15c higher.

Local receipts of hogs were not very heavy, about 5,800 head, but eastern markets had heavy runs and lower prices and the local market was a nickel lower than Saturday. Tops brought \$7.80, as against \$7.60 on last Monday, and the bulk of the trading was around \$7.55@7.75, as against \$7.40@7.55 a week ago.

There was a very meager run of sheep and lambs, only about 3,500 head showing up. These were mostly lambs and they sold at sensationally higher prices. Nebraska fed lambs, in the fleece, brought the even money, \$10.00, the first time this price has been paid since April, 1910. Shorn lambs brought \$8.75, also a new high mark. Prices were anywhere from 25c to 75c higher than the close of last week.

GOOD SUNDAY READING

Back Numbers of Alliance Daily Herald Containing Sermons of Rev. Oscar Lowry.

COPIES OF SOUVENIR EDITION

The Alliance Daily Herald was published from March 16 to April 16, except Sundays and Monday, April 15. Each paper except the first contains one or more of the sermons of Rev. Oscar Lowry, delivered at the union revival meetings held in Alliance, March 17 to April 15.

We anticipated a demand for back numbers of the paper, consequently we printed extra copies to meet that demand. We have sold a large number of them to persons who wanted to send them to their friends, but we still have on hand a number of copies of each issue, except the first, which contained no sermon. While they last we will dispose of the twenty-five copies for fifty cents, and will pay the postage, without extra charge, for persons who wish to send these papers to others. We wish to urge all persons who may be interested to order IMMEDIATELY, either for themselves or others.

The last issue of The Alliance Daily Herald, that of Tuesday, April 16, was printed as a souvenir edition of the revival meetings. It is illustrated with quite a number of cuts made especially for it, and contains three of Rev. Lowry's best sermons, Mrs. Moody's talk on "The Battlefields for the Home," and other interesting matter. While these last we will continue to sell them at five cents each. Persons ordering the twenty-five copies of the series will receive one copy of the souvenir edition without extra charge.

W. M. Robinson and H. C. Blodgett arrived in Alliance the first of the week to complete arrangements at this place for the great piano player sale announced in the Bennett Piano Co.'s ad in this issue of The Herald. Mr. Robinson went out to his farm soon after arriving, returning to Alliance before leaving for other points.

For a week or more past J. P. Barger has been using his deep tilling machine, previously mentioned in The Herald, on the Alliance Nursery farm east of town. He informs us that the ground is in good shape this spring and that the machine works fine. He is delighted with it. Mr. Barger has been setting out trees in Alliance, using dynamite to prepare the ground, and tells us that it is a success.

MANY

Are Anxiously Awaiting Their Return

Associated Doctors Specialists

Will be in Alliance at Drake Hotel

Monday, May 6

ONE DAY ONLY

These are the Doctors you no doubt have read about. While you may not know them personally, you may know them by reputation or through some of your neighbors they have treated.

The remarkable success of these talented physicians in the treatment of chronic diseases has aroused much enthusiasm in the Northwest.

This is said to be and no doubt is true, one of the most able specialists organization of its kind in this section of the country, and must be a successful one from the many good results they are getting.

The Associated Doctors, licensed by the state of Nebraska for the treatment of deformities and nervous and chronic diseases of men, women and children, offer to all who call on them consultation, examination and advise free.

It is specially requested that married ladies come with their husbands and minors with their parents.

The name Associated Doctors is what it implies, a union of specialists, twelve in number, that have gotten together for the treatment of chronic and nervous diseases. Not to be understood that they treat all diseases that the human body is heir to. They mean to be very careful in selecting and taking cases as they want good results, which means good returns in the way of their patients recommending them to others.

They estimate that over eighty per cent of the patients now coming to them come from recommendations of those they have treated.

THEY DO NOT treat any acute diseases whatever, their time and attention being devoted to such diseases as follows:

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bedwetting, leg ulcers, weak lungs and those afflicted with long standing, deep seated chronic diseases that have baffled the skill of the family physicians should not fail to call.

According to their system, no more operations for appendicitis, gall stones, tumors, or goiter. They were among the first in America to earn the name of "Bloodless Surgeons," by doing away with knife, with blood and with all pain in the successful treatment of these dangerous diseases.

BELOW ARE THE NAMES

Advertisement for BUSINESS MEN'S MEETING. Text: Dr. Scott of the University of Wisconsin Delivers Address at O'Neill. O'Neill, Neb., April 27--Dr. William A. Scott of the University of Wisconsin delivered an address before the business men of O'Neill on the subject of banking and currency reform. The speaker was introduced by Mr. S. J. Weekes of the O'Neill National bank, whose introductory remarks were brief. During Dr. Scott's visit to O'Neill he was shown through the Sisters' academy and other points of interest by Mr. E. F. Gallagher of the First National bank. Dr. Scott, who is a political economist of prominence, reviewed currency legislation from the time of the origin of national banks, and explained in detail the seasons of the year with which to carry on the regular commercial transactions, which means the moving of the crops and moving all kinds of products from the producer to the consumer. He showed wherein the law should be amended so that the business people could be provided with a currency which would meet their every-day needs in seasons of commercial activity. He explained why it was that hundreds of millions of currency were locked up in the banks in the government vaults, utterly useless, while the business people were suffering for a greater volume of currency every spring and fall with which to handle the commerce of the country. He showed that the proposed plan for the National Reserve association would meet every requirement of the case, affording an ample volume of currency at all seasons of the year, and enabling sound business houses to get what money they needed upon commercial paper based upon the well known commodities which go to make up the business and commerce of the country from day to day and month to month. He showed wherein the proposed plan would relieve the stress of the local banker and enable him to accommodate his customers for all their legitimate needs, and that a furry down in Wall street caused by the speculators and plungers would not disturb the financial conditions in the west under the proposed legislation. He also showed how the plan would obviate bank panics and how it would promote the interest of the grain and cattle producer, as well as the merchant. Three Killed in Crossing Accident. Chicago, April 30--Three persons killed and two seriously injured on the Illinois Central railroad track at North Riverside when an automobile was struck by the engine of a passenger train. All the persons killed and injured were riding in a machine. Mr. and Mrs. Robert Puffer and Mrs. C. M. Streibe were killed. H. E. Puffer and W. V. Logan, both salesmen for the Studebaker company, were injured.
